I am battling a cough at home so that would be helpful. You can go ahead and send it out if you would like but if you could add the following, it would be great: (The conference line etc. are still ok to use. I will have copies available for those attending in person).

Please direct any queries regarding the CAC to Donn Walters or Snehal Patel. Leah Gordon has been reassigned to other duties.

Snehal, other than clarifying item III, the Agenda looks ok to go out. Do you all want to send out as usual or do you want us to..... thanks

Donn,

I revised a little (typos etc.). I added an item to tell the others that the tmdls are on hold in terms of the big watershed perspective. Maybe Stephen can give a summary on what TCEQ said.

Thanks,  
Snehal
